

# Get FedEx SameDay City API Keys

Follow the steps below to get your FedEx SameDay City API Keys.

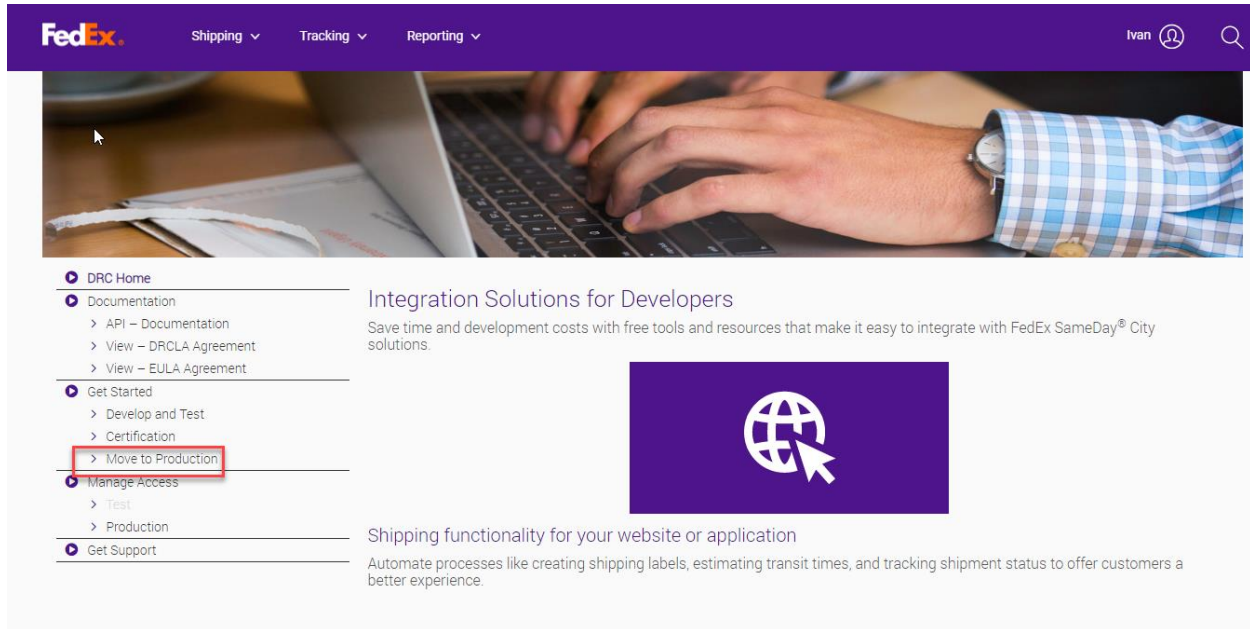

1. Sign in to your FedEx account on [samedaycity.fedex.com](https://samedaycity.fedex.com).

2. Scroll to the bottom of the footer as shown below. Click on “Developer Resource Center”.

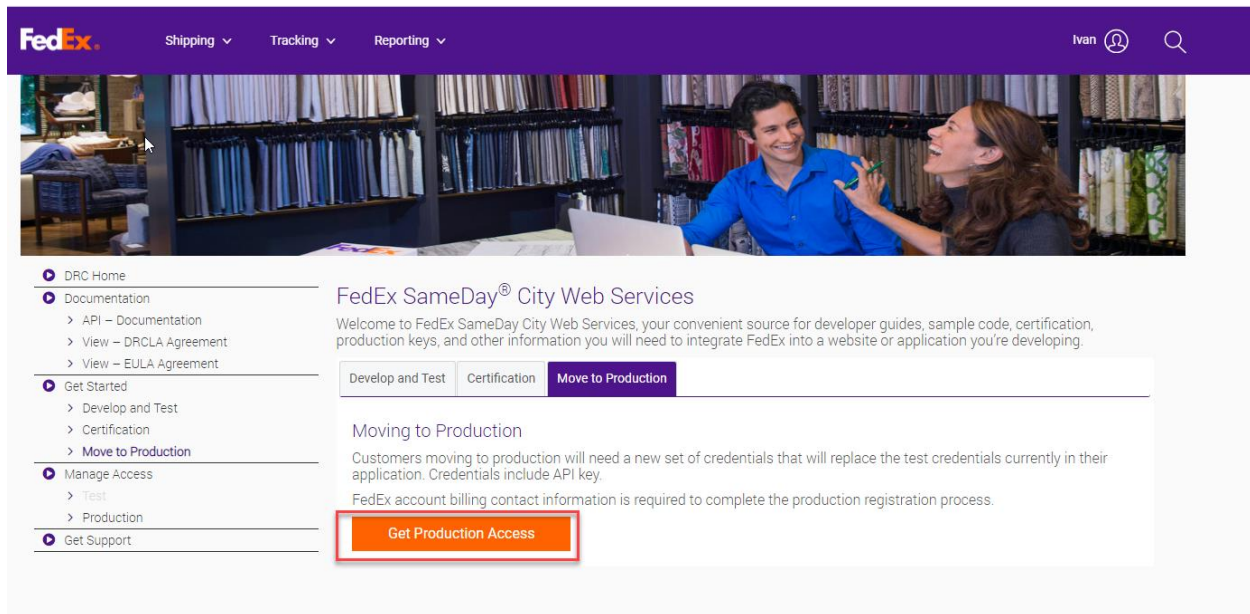

3. On the left navigation menu, click “Move to Production”.

The screenshot shows the FedEx Developer Center homepage. The top navigation bar is purple with the FedEx logo and links for Shipping, Tracking, and Reporting. The user is logged in as Ivan. The left navigation menu is on the left, with 'Move to Production' highlighted by a red box. The main content area features a large image of hands typing on a laptop, followed by the heading 'Integration Solutions for Developers' and a subheading 'Save time and development costs with free tools and resources that make it easy to integrate with FedEx SameDay® City solutions.' Below this is a purple box with a white globe icon and a cursor. Further down, there's a section titled 'Shipping functionality for your website or application' with a subheading 'Automate processes like creating shipping labels, estimating transit times, and tracking shipment status to offer customers a better experience.'

4. Click “Get Production Access”.

The screenshot shows the FedEx SameDay City Web Services page. The top navigation bar is purple with the FedEx logo and links for Shipping, Tracking, and Reporting. The user is logged in as Ivan. The left navigation menu is on the left, with 'Move to Production' highlighted by a red box. The main content area features a large image of two people in a retail setting, followed by the heading 'FedEx SameDay® City Web Services' and a subheading 'Welcome to FedEx SameDay City Web Services, your convenient source for developer guides, sample code, certification, production keys, and other information you will need to integrate FedEx into a website or application you're developing.' Below this is a tabbed interface with 'Develop and Test', 'Certification', and 'Move to Production' tabs. The 'Move to Production' tab is active. Under this tab, there's a section titled 'Moving to Production' with a subheading 'Customers moving to production will need a new set of credentials that will replace the test credentials currently in their application. Credentials include API key.' and a paragraph 'FedEx account billing contact information is required to complete the production registration process.' At the bottom of this section is a red button labeled 'Get Production Access'.

5. Answer the drop down questions and continue.
  - a. Do you intend to resell your software?
    - i. No
  - b. Please indicate whether you are developing your FedEx SameDay City integration solution as a Shipper or Consultant.
    - i. Shipper
6. Click Continue

Do you intend to resell your software?

No

Please indicate whether you are developing your FedEx integration solution as a Shipper or as a Consultant.

Shipper:

Consultant:

CSP:

Shipper

You are a customer of a CSP, and ONLY need API keys or an employee of the company for which you are developing this application.

You have been hired by another company to develop this application.

A FedEx SameDay City Compatible solution means the FedEx SameDay City functionality within the third-party provider's system has passed FedEx SameDay City certification testing.

9. Select “Production” under Management Access.

▶ Manage Access

> Test

> Production

10. Click “SDC – Shipment”, and then “Subscribe” to register for the SDC-Shipment product.

The screenshot shows the top of the FedEx Office SameDay City API portal. The header is purple with the FedEx Office logo and 'SameDay® City API' text. Below the header is a navigation bar with links for HOME, APIS, PRODUCTS, and ISSUES. The main content area is white and features a search bar. Under the heading 'Request New Access', there are two API options. The first option, 'SDC-Shipment', is highlighted with a red box and includes the description 'Intended for shippers; it enables access to SameDay City Shipment API'. The second option is 'SDC-Tracking-Shipper', with a description stating 'This API is intended for consumption by shippers with higher volume limits'. Below these options is a section for 'Manage Existing Access' with a 'Click here' link.

- [api-sdc-tracking](#)
- [api-sdc-shipment](#)

[Subscribe](#)

11. Click “Confirm”.

The screenshot shows the FedEx Office SameDay City API subscription page. The header is purple with the FedEx Office logo and 'SameDay® City API' text. Below the header is a navigation bar with links: HOME, APIS, PRODUCTS, and ISSUES. The main content area is white and titled 'Subscribe to product'. Below the title, it says 'A new subscription will be created as follows:'. The form displays the following details:

<b>Product:</b>	<b>SDC-Shipment</b>
<b>Description:</b>	Intended for shippers; it enables access to SameDay City Shipment API
<b>Subscription name:</b>	<input type="text" value="SDC-Shipment"/>
<input type="button" value="Confirm"/> <input type="button" value="Cancel"/>	

The 'Confirm' button is highlighted with a red rectangular border.

12. A request will go to the SDC Web Services Team, who will review your request and grant production API keys upon approval.

**For additional assistance with this process, please reach out to your local FedEx SameDay City Representative.**
